

We, the undersigned students of the University of Florida Levin College of Law, support the Strike Against Kavanaugh today. **We, too, do not recognize Brett Kavanaugh as a legitimate member of the United States Supreme Court.** He has repeatedly lied under oath and currently stands credibly accused of sexual assault by at least three women.

As law students, we have a great interest in promoting a court that stands for the prosperity of all people. Kavanaugh has demonstrated opposition to these ideals by (1) refusing to conduct a thorough investigation into the sexual assault allegations by Dr. Christine Blasey Ford and others, (2) indicating his lack of respect for the rule of law by lying under oath, and (3) showing a willingness to vote along party lines instead of reasoning through each case on its own merits. For these reasons, among others, we decry Kavanaugh's appointment.

As stated in the Strike Against Kavanaugh open letter: We demand that **anyone seeking to be elected to Congress in November commits to impeaching Kavanaugh to protect any semblance of rule of law, as well as the people of our communities.**

While we have decided not to walk out due to safety concerns regarding hurricane Michael, we send our support to the demonstrators across the country today.

To Brett Kavanaugh and the system that rammed his appointment through despite protests across the country, the next generation of lawyers stands against you. You are not invincible. You are not all-powerful. The system will soon be ours to control. If you continue harming the people of the United States as you have been, you will have no place in that system.

Impeach Brett Kavanaugh.

In solidarity,

The undersigned students of the University of Florida Levin College of Law
